

Anderson – Project Outlines

Action initiatives selected

From 9/22/05 Action Planning meeting, and
Updated via 11/10/05 Project Planning meeting

Training & Awareness

Leaders: Rhonda Wheeler, Jeff Sauer

Team Members: Michael Miller, Guy Hollander

Currently available via adult ed (fee based), but want to offer this at no charge.
Literacy classes and training for general public, Parents, grandparents, etc.
List of all resources available in county that could be used/accessed.
Help folks become aware of what is available.

Community Portal

Leaders: Tami Vater, Howard Phillips

Team Members: Orville Baker, Vernon Huber, Barry Drury

To tie all things together – one stop shop for access to all services & info
Currently COC, Tourism, and Economic Development
Tami is currently working on updating existing county site
Too fragmented now, need to promote a central page.
Encourage all organizations to have websites, linked to county page.

Government Website(s) - Online forms and services

Leaders: Todd Sparrow, Charlie O'Neal

Team Members: Robert Hume, Tommy Burris, Mike Barnes, Troy Young

Ease of Use - More transparent to citizens, and more user friendly
Navigation - Not obvious how to get to different areas.
Maintenance - Someone needs to keep info current and updated
Info on Disasters – where is shelter, etc – special page, auto distribution list
City & county are disjoint – need to be more integrated.
Look at using Ky.Gov and BGADD
